

## Information on Generic Drug Savings Programs Available at Local Pharmacies

These programs allow patients to pay as little as \$4.00 to \$8.99 for a 30-day supply of *certain* generic medications, or \$9.99 to \$15.99 for a 90-day supply of certain generic medications. Various other generic medications, such as oral contraceptives, are included in some of these plans at slightly higher costs.

Provided below are links (and PDFs when available) to each of the pharmacy's lists of medications, costs of 30- and 90-days' supply, and also brief details about paperwork/monetary requirements, if any, for these programs:
